2020 - 2021

*Swinburne University of Technology Sarawak, Kuching*

## SKILLS

Python, Excel, Research, SQL, Scilab, Matlab, Machine Learning, Data Analysis, Leadership, English

## LICENSES & CERTIFICATIONS

### Data Analysis Fundamental

2024

*MySkill*

### Leadership Development Course - Advanced

2018

*Boys' Brigade Indonesia*

## HONORS & AWARDS

### Top Scorer in 'FSE10024 INTRODUCTORY PHYSICAL SCIENCE'

2020

*Swinburne University of Technology*

## VOLUNTEER

### Executive Committee

2023 - Present

*Persaudaraan Kristian Agape*

- Managed the design, development, and delivery of training programs and skill enhancement workshops. Ensured all training materials and resources were up-to-date and aligned with organizational goals.
- Developed clear task guidelines and expectations, providing necessary support and resources to team members to facilitate successful task execution.

## **Crowd Control**

2023 - 2023

*Penang Science Cluster*

Volunteered as Crowd Control for the Penang International Science Fair.

- Assisted attendees in finding exhibition areas, restrooms, and other facilities.
- Provided directions to specific booths or presentation areas based on attendee inquiries.
- Monitored and managed crowd flow to prevent congestion in high-traffic areas.
- Coordinated with other volunteers to handle any emergent crowd-related issues.

## **Head of Logistics**

2023

*Universiti Sains Malaysia E-Sports Club*

Head of logistics for USM E-Sports Carnival 2023

- Collaborated with the event production team, esports program directors, and other stakeholders to align logistics with overall event goals.
- Organized, stored, and monitored the distribution of goods and equipment to ensure everything is available and in place when needed.
- Provided support to ensure members are prepared for their roles during the event

## **Junior Executive Committee**

2021 - 2022

*Universiti Sains Malaysia Astronomy Club*

- Designed and produced visually appealing posters and other marketing materials for Instagram campaigns, increasing engagement and follower growth through compelling visual storytelling.
- Delivered interactive and informative astronomy lectures to multiple groups of Malaysian school students, fostering a passion for science and astronomy through engaging, hands-on activities and presentations.

## **LEO Club Member**

2018 - 2020

*LEO Clubs Indonesia*

- Played a crucial role in organizing and managing the logistics for a large-scale leadership development seminar, ensuring smooth execution of the event.
- Demonstrated leadership by organizing fundraising events, coordinating volunteer efforts, and implementing project plans that addressed local needs and made a significant impact on the community.

## **Non-Commissioned Officer**

2018 - Present

*Boys' Brigade Indonesia*

- Designed and managed the annual locked-in camp program, which included developing the curriculum, scheduling activities, ensuring participant safety, and overseeing a team of volunteers and staff.
- Completed the advanced Leadership Development Course, which provided in-depth training in leadership techniques, project management, and strategic planning.
